

Resident Interest Survey for **ELECTRIC VEHICLE CHARGING**

Participation in this survey is voluntary and you do not need to respond to any of the questions that you do not wish to answer.

Electric vehicles (EVs) are vehicles that are either partially or entirely powered by electricity. We are considering the installation of charging infrastructure to assist residents who drive EVs. Your responses to this survey will be used to determine interest in this benefit.

1. Do you own or are you considering acquiring an electric or plug-in hybrid electric vehicle?
 - Yes, I already own one.
 - Yes, I am considering purchasing in the next 6 months.
 - Yes, I am considering purchasing in 1-2 years.
 - Yes, I am considering purchasing but I'm not sure when.
 - No

2. Do you use eBikes or other electric recreational vehicles that would be compatible with a level 2 charger?
 - Yes
 - No
 - I don't currently use any recreational vehicles, but I am interested in them.

3. Do you currently have, or anticipate having, access to EV charging facilities outside of your home?
 - Yes
 - No
 - I don't know

4. Do you think EV charging is something we should have available to residents?
 - Yes
 - No

5. If we were to install EV charging stations, would you use them?
 - Yes
 - No

6. Would having access to an EV charging station at home increase the probability that you would purchase an EV in the future?
 - Yes
 - No

7. What is the most you would be willing to pay for use of the charging stations (if applicable)?
 - \$0
 - \$0-\$5 per charging session
 - \$5-\$10 per charging session
 - More than \$10 per charging session
 - Prefer an optional flat fee added to my rental fees each month.

8. Are you considering leaving at the end of your lease to a property that provides EV charging?
 - Yes
 - No

Thank you for taking time to complete and return our survey. If you wish to provide any additional comments, please do so here:

Thank you!
